Annual Report 2007

## Message from the President

As I end my term as AGW President I extend my gratitude to the Board, staff, and volunteers, our dedicated members and the community at large for their unstinting work and support of this institution's agenda over the years. When I joined the Board of Directors in August 2003, I was interested in seeing this facility blossom to its full potential. To realize that, the board and staff rallied to formulate realistic and creative solutions to the numerous challenges facing the Gallery.

Early morning meetings, fueled by coffee and goodwill, brought fresh strategies to the fore. These included:

- To improve communications with the AGW Foundation, City Council, the Ontario Arts Council, and federal funding programs to stabilize and rejuvenate revenue streams.
- Monitor every aspect of expenditure to yield efficiencies that would ultimately eliminate the accumulated deficit
- Review the facility operations to root out all inefficiencies through an audit that provided energy management objectives for a retrofit and retro-commissioning that will result in substantial annual savings in 2008. This involved working with Integrated Design Services and our energy supplier. The position of Building Operations Manager will return in 2008.
- Focused human resource strategy to better utilize and rebuild a talented team.
- Innovative program initiatives focussing on audience engagement, bringing new life into all aspects of our operations. This has resulted in one of the most admirable levels of expertise at any gallery/museum in the country, thanks to our talented and professional staff.
- Concentrate on program excellence with the artist at the centre. Curatorial staff have developed new exhibitions and publications that not only impressed local audiences, but are touring nationally, earning both accolades and revenue.
- Enliven the main floor of the Gallery with visitor-friendly amenities, including the always engaging Uncommon Market Gift Shop, the eye-catching Clare E. & Anne Winterbottom Studio for Art Rental & Sales, and Bamboo where delightfully original food and drink are always on offer.
- At *Friday's Live!*, we offer a lively and diverse menu of music, hands-on activities, artist-led talks, and a friendly atmosphere that contribute greatly to the Windsor social scene.
- The AGW offers a range of hospitality and commercial services utilized by our community stakeholders.
- An Education Audit conducted late last year will future directions for this important area of program operations.
- Ongoing positive progress towards the implementation of the goals and objectives outlined in our Strategic Plan. Much of the aforementioned improvements came out of this exercise.

As my terms ends, join me in welcoming incoming president Dr. Veronika Mogyrody. My new focus and responsibility will be board recruitment and development. At the Board level, we have discussed the need to properly represent the diverse and exciting community that we serve. I welcome your ideas and input to ensure that we build on our momentum as a growing and vital part of Windsor's cultural landscape.

I sincerely congratulate all involved for your generous, unflagging spirit of good work and good will. It has been a real honour to work with you.

Merry Ellen Scully Mosna  
President, Art Gallery of Windsor

## Message from the AGW Foundation

At the close of 2007, the economic climate suffered globally, impacting the value of the AGW Foundation's investments. The good news is that what goes down also goes back up. The Disbursement Policy of the AGW Foundation has allowed for consistent funds to be allotted to the Gallery, including an inflationary increase. We will be able to meet the AGW's further needs and requirements in 2008 due to some additional bequests to the Foundation. Our thanks to those individuals and families whose donations helped to increase the endowment.

Thank you to the members of the Board of Trustees who guide the endowment funds to ensure maximum growth as the Foundation continues to be a integral part of the financial health of the Gallery.

Graham Keogh  
Chairperson, AGW Foundation

## Message from the Director

2007 was a very remarkable year for the AGW — We need to get that word out!

### Creating a Need... Communicating our Worth

Improving our communications and growing our audience are central to redefining the role of the AGW in this community. Our inability to communicate effectively in 2007 resulted in the need for intense remedial action around deliberations for the 2008 allocation from the City. If we are to seek stronger political support at the municipal level we must be seen as a dynamic player in Windsor. Our political leaders have told us repeatedly that the AGW must receive strong support from the citizens of Windsor. We also know that the AGW is in a position to provide considerable momentum (and content!) in the revitalization of downtown. While we are currently in the process of refining our communications strategies, I need to underline the role our constituents can play in getting the word out, not only to our political representatives but also to the people of Windsor, Essex County, and beyond.

### Here is some information about 2007 — a year that points to a future of great accomplishments for the AGW

In the last few years, the Art Gallery of Windsor has been doing more with less. Beginning in 2004, the AGW adopted a strategy to reverse 'the negatives' and renew the institution. The idea was simple... become more dynamic in the community and the AGW will thrive. And so the AGW provided more community access to the Gallery, focused on quality programming, developed more collaborative initiatives with local groups, public agencies, and government, and dramatically increased its self-generated revenue. And while things have improved for the institution, much remains to be done.

**Energy Audit of the facility:** Completed in 2007, the Audit considered all energy issues resulting in a number of recommendations aimed at improving efficiency while providing greater latitude for our energy providers.

**Retrofits:** The process that began in 2007 and saw the institution adopt a series of recommended retrofits will result in greater efficiencies and a 30%+ savings in annual energy costs.

**Doing More with Less:** In 1992 the AGW received 53% of its annual budget from the City of Windsor (\$701,966). Last year the AGW received only 19% (\$450,000). The Gallery expended \$5.32 for every dollar received from the City in 2007. The AGW currently employs 28 staff (a \$1,275,000 payroll).

**Economic development downtown:** The AGW actively participates in the economic development of the City. Whether through lending its remarkable facility to showcase downtown to visitors or by collaborating with social, academic, cultural organizations, or government agencies and departments, the Art Gallery of Windsor remains a "community centre" dedicated to improving the City.

**The AGW and the County:** The Director has met with the County to seek their participation and support. Much work remains to be done in this area.

**Self-generated revenue:** In 2007, over 110 private functions provided revenue and increased access to individuals, groups, public agencies and government. New initiatives that increased revenue while raising our community profile include the impressive Art Rentals and Sales studio and Bamboo restaurant. The number of donors and sponsors to the Art Gallery of Windsor has also increased dramatically:

#### Self-Generated Revenue

	2003	2007	% Change
Gift Shop	\$151,753	\$162,005	6.76%
Art Rental & Sales	\$41,602	\$93,036	123.63%
<b>Subtotal (gross)</b>	<b>\$193,355</b>	<b>\$255,041</b>	<b>31.90%</b>
Facility Rentals	\$13,560	\$104,929	673.81%
Sponsorships	\$21,176	\$51,900	145.09%
Donations/Bequests	\$19,188	\$82,572	330.33%
<b>TOTAL</b>	<b>\$247,279</b>	<b>\$494,442</b>	<b>99.95%</b>

**Special Events:** From 2003 to 2007 the AGW raised more than \$600,000 (net) through Gallery based fundraising events. These funds are essential to maintain operations. Prior to 2003, special events revenue was less than \$20,000 per year.

**Role of the Institution:** The Art Gallery of Windsor remains committed to furthering the goals and objectives of the City of Windsor through close collaboration with city officials and agencies.

**Foundation:** The AGW receives an annual allocation from the AGW Foundation based on returns on this endowment. Without the careful stewardship of this endowment, the very existence of the Gallery would now be in question.

**Touring Exhibitions:** Through our outreach programs, the AGW raises awareness of Windsor as a diverse, culturally vibrant city. From coast to coast AGW exhibitions have garnered favorable press throughout 2007, enhancing the City's profile. The AGW continues to provide nationally recognized "indicators of a category 'A' museum institution". Three exhibitions currently on tour (Karsh, Baxter& and Akimoto) are confirmed or pending contracts and will or have been exhibited in Charlottetown, Fredericton, Oshawa, Toronto, St.Catharines, Kleinburg, Burnaby, Sudbury, Brandon, Tokyo, Amherstburg, Vancouver, Victoria, Calgary, Saskatoon, and Halifax.

Finally, congratulations to all AGW stakeholders for their part in our renewal and I extend an invitation to all to go out and share our information, we are a Windsor-made good news story.

The AGW extends their thanks and appreciation to all our donors, members, volunteers, patrons and guests (far too many to mention in this document!) for their continued support and dedication throughout our history. Thanks to you, the AGW continues to be a cultural leader both regionally and nationally. We look forward to seeing you at the Gallery!

# Auditors' Report on Summarized Financial Statements

To the Members of the Art Gallery of Windsor

The accompanying statements of financial position and revenue and expenses are derived from the complete financial statements of the Art Gallery of Windsor (the "Gallery") as at and for the year ended December 31, 2007, on which we expressed an opinion without reservation in our audit report dated March 14, 2008. The fair summarization of the complete financial statements is the responsibility of the Gallery's management. Our responsibility, in accordance with the applicable Assurance Guideline of the Canadian Institute of Chartered Accountants, is to report on the summarized financial statements.

In our opinion, the accompanying financial statements fairly summarize, in all material respects, the related statements of financial position and revenue and expenses

derived from the complete financial statements in accordance with the criteria described in the Guideline referred to above.

These summarized financial statements do not contain all the disclosures required by Canadian generally accepted accounting principles. Readers are cautioned that this financial information may not be appropriate for their purposes. For more information on the Gallery's financial position, results of its operations and its cash flows, reference should be made to the related complete financial statements.
